Comfort for Life

Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world.

Daikin has been improving the comfort of its customers with exceptional products and services for many generations.

To explore all of our solutions for premium indoor Comfort for Life, visit www.daikinac.com.

Elevate your expectations and get more out of your home's indoor comfort system performance

As you think about the functionality of your home's indoor comfort system, the Daikin brand is ready to help you achieve control, energy efficiency and long-term peace of mind. Take that attention to quality one step further by choosing a Daikin brand energy-efficient ductless split system. We have designed and engineered all of our products to provide years of consistent indoor comfort – delivering you and your family premium *Comfort for Life*.

Bold performance

A better understanding of how people inhabit their living spaces has led to products designed to create indoor environments that help use energy resources more effectively. Daikin heat pumps feature streamlined, wall-mounted indoor units paired with quietly compact outdoor units. The Daikin brand 19 Series is designed to blend in discreetly with any home design and is ideal for single rooms, enhancements and additions up to 1,460 square feet.*

* Equipment selection should always be based on detailed load calculation performed by a qualified technician.

Smart inverter technology

Integrated with an inverter variable-speed compressor, Daikin 19 Series ductless systems deliver the capacity required to maintain desired room conditions, typically reducing energy consumption by up to 30% or more (compared to traditional fixed-speed ducted systems). This technology minimizes temperature fluctuations and provides continuous cooling and heating comfort.

Experience comfort

Designed for *Comfort for Life*, the Daikin 19 Series units include features to ensure a comfortable experience every moment. From the wide angle louver design to the auto-swing and comfortable mode controller settings, effective heating and cooling is ensured throughout the space.

Quiet Operation

Utilizing inverter technology to maintain comfort settings, Daikin systems most often operate at low speeds with indoor sound levels as low as 19 decibels (dB) and outdoor sound levels as low as 46 dB. Activate the indoor unit quiet operation and sound levels drop by 2-3 dB for gentler heating and cooling and quiet operation.

Individual comfort and control

Individual temperature control provides comfort for the entire space. With effective cooling and heating coverage and quiet operating sounds, these systems combine outstanding comfort control with lifestyle convenience all at the touch of a button.

Count on a Daikin brand control to deliver convenience and premium *Comfort for Life* to your family for years and years.

COMFORTABLE LIMITED WARRANTY* PROTECTION

*Complete warranty details available from your local dealer or at www.daikincomfort.com. To receive the 12-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

Daikin ENVi

The wireless control provides individual temperature control at the click of a button. Most indoor units are also compatible with the Daikin ENVi intelligent thermostat, offering a more advanced solution designed with energy savings performance in mind. With the freedom to access, program and control the system from a smart phone, tablet, or computer, users can have peace of mind — anytime, anywhere.

PREMIUM COMFORT FEATURES:

Energy Efficient – Up to 19 SEER, 9.0 HSPF, and 12.5 EER for ultra-efficient cooling and heating operation and reduced operating costs compared to conventional lower-efficiency systems.

Undisturbed Comfort – Indoor and outdoor units offer exceptionally low sound levels for premium comfort without the noise.

Advanced Filtration – Long life, washable filters help trap microscopic particles, decompose odors and reduce bacteria, viruses and mold.

Wireless Control – Hand held remote features Econo Mode, Powerful Mode, and more.

Ideal solution for:

- Primary living areas (master bedrooms and living rooms)
- Hot or cold rooms
- Rooms with poor air flow
- Renovations and remodeling
- Basements, attics and garages
- New construction

Daikin brand ductless systems are designed to maintain indoor comfort and energy-efficient operation. Install in primary living areas and the rooms that you use most to achieve maximum savings on utility bills and energy consumption.

ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

ENERGY STAR® and the **ENERGY STAR** mark are registered trademarks owned by the U.S. Environmental Protection Agency. **ENERGY STAR** products are third-party certified by an EPA- recognized Certification Body. Products that earn the **ENERGY STAR** prevent greenhouse gas emissions by meeting strict energy efficiency guidelines set by the U.S.

Environmental Protection Agency.

Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet **ENERGY STAR** criteria. Ask your contractor for details or visit www.energystar.gov.

DAIKIN: THE PREMIUM BRAND INDUSTRY LEADER

Daikin Industries, Ltd. (DIL) is a global Fortune 1000 company which celebrated its 90th anniversary in May 2014. The company is recognized as the largest HVAC (Heating, Ventilating, Air Conditioning) manufacturer in the world. DIL is primarily engaged in developing indoor comfort products, systems and refrigeration products for residential, commercial and industrial applications. Its consistent success is derived, in part, from a focus on innovative, energy-efficient and premium quality indoor climate and comfort management solutions.

Expert reviews from our most important critics

Daikin offers a wide selection of choices for energy-efficient indoor comfort. As a worldwide leader in air conditioning and heating technology, Daikin is also a highly-rated brand. See for yourself at www.daikincomfort.com/reviews.
